Financial Policy

Thank you for choosing Avina Women's Care for your obstetric and gynecologic care. The following is a summary of our financial policy. Please take the time to understand this document and agree to our guidelines.

It is your responsibility to understand your health insurance policy, its benefits and limitations. It is a requirement of your insurance carrier that you present your insurance card at every visit. If you have any questions about your policy, please contact your agent or employer.

Our office will file your charges to your insurance carrier. It is your responsibility to pay all co-pays, deductibles, coinsurance and any balances not covered by your insurance plan(s). Co-pays and past due balances are due at the time of your appointment. If you are a self-paying patient, we also expect full payment at the time of your visit.

Self-paying maternity patients are required to establish a payment plan prior to being seen and must make an initial payment at their first obstetrical visit. The remaining delivery charges are to be paid, in full, by the 24th week of pregnancy. If you do carry insurance, you are required to pay your co-insurance or deducible (if applicable) also prior to your 24th week of pregnancy. It is your responsibility to pay all balances not included in the delivery charge, such as all laboratory work, ultrasounds and non-stress tests.

By signing this form, I acknowledge that I have read and understand the above statements.

Patient Advocacy and Mediation Program

At Avina Women's Care, it is our goal that our providers and patients engage in a cooperative approach to ensure quality healthcare. Further, our hope is that any conflicts that may arise will be resolved in the same cooperative style through mediation.

The parties to this agreement agree to pursue a good faith effort to resolve any problems that may arise between them. As a part of entering into the provider/patient relationship, the patient agrees to submit in writing to the Avina Women's Care Mediation Program, any dispute, controversy or disagreement arising out of or relating to the provider/patient relationship and the agreement to provide medical services.

1. After the matter has been presented in writing to the Avina Women's Care Mediation Program the parties will use negotiation in an attempt to reach a voluntary resolution of their differences.

2. If the dispute, controversy or disagreement is not resolved in a reasonable time, then the matter will be submitted to mediation.

The ultimate goal of mediation is to resolve any issues or concerns between the provider and patient through a neutral third party. Either party is entitled to seek legal representation at any time, but Avina Women's Care wishes to provide the patient with this opportunity to settle concerns without incurring additional costs and fees.

Summary of Mediation:

- The patient is not required to reach a resolution in mediation.
- The mediator (or co-mediators) will be a neutral third party who is trained in mediation.
- The costs of the mediation will be paid by Avina Women's Care.
- The date, time and place of any mediation session will be scheduled by the mediator in consultation with the parties.
- The use of mediation does not preclude either party from pursuing any other remedies that may be available to them.
- Any agreements reached by the parties will be in writing and signed by both parties.
- All parties agree to make a good faith effort at mediation before pursuing litigation.
- Mediation is not a substitute for legal advice. Parties should consult with their legal counsel for any questions regarding legal rights.

By signing this form, I acknowledge that I have read and understand this Patient Advocacy Program.

Obstetrical Fees

Your first OB visit, Pap smear (if applicable), labs, ultrasounds and non-stress test are billed at the time of service. The below represent charges billed by our office or the outside labs performing your tests. If you are a self-pay patient, the below represents the expected charges. If you have insurance, the costs are dependent upon your insurance provider's contract with our practice.

The global package is billed after the delivery or after any change of insurance. It is the patient's responsibility to notify our office of any insurance changes so that proper authorization may be obtained from the NEW insurance for payment of your delivery.

The charges stated below are the physician's fees only. You will receive separate bills from the hospital and anesthesiologist. In addition, if you have an amniocentesis, there is a separate fee for reading the fluid. If you are seen for a reason not related to your pregnancy, you will be subject to standard office charges.
